Fire Station

Industrial sectional automatic door; It is the most preferred door by businesses due to its high security, high thermal insulation, high sound insulation, high air insulation and long-lasting durability.

- Easy to fit and service
- Quiet opening and closing
- Corrosion protection
- Low-wear door travel
- Energy-saving operator convenience
- Reduce air permeability
- Present a harmonious overall appearance when fitted in a line of buildings.

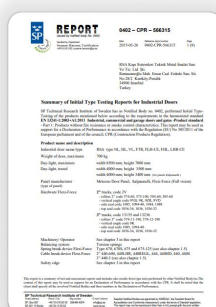

Non-contact Safety

It responds to movements and obstacles without any contact, reliably stopping the door if necessary.

Certified Safety For Working Places

RSA Industrial Sectional doors are tested and certified in accordance with the high safety requirements of European standard 13241, thus guaranteeing employee health and safety in industrial environments.

Long Lasting Design

All main door and operator components are of premium quality. Durability tests under real conditions guarantee long-lasting RSA quality
